

CENTURION BIBLE COLLEGE

Training Christian Leaders

Enrollment Questionnaire

Because Centurion Bible College exists to develop Christian leaders, your acceptance as a student will be determined, in part by your spiritual life. We want your experience with us to be a positive one. The more thoroughly you answer the following questions the better we will be able to determine your compatibility with our program.

1. Describe your salvation experience, including approximately when it happened, and what led up to it.
2. Tell us about the church you currently attend/serve. Include denomination or theological leaning, location, size, your position there, and anything else of interest.
3. Describe your ministry experience. Include length of service in the various capacities.
4. Describe your educational background. Include informal education, seminars, etc., as well as any formal education.
5. What are your plans for ministry in the future?
